

# MCAA 1-Click Login Desktop App Icon Displays

Congratulations on downloading the MCAA 1-Click Login Desktop App! The  icons are now located on your Internet Explorer toolbar, Desktop, and Quick Launch taskbar.

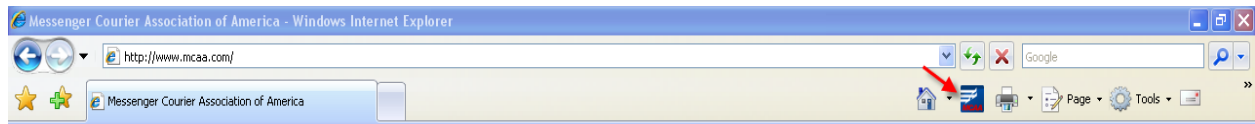

## Internet Explorer Toolbar

For Internet Explorer 7 & 8 users, the Icon will appear in the toolbar pull down, which is located on the far right hand side. It is shown below with the **red arrow**. Click the >> to view the **MCAA** Icon.

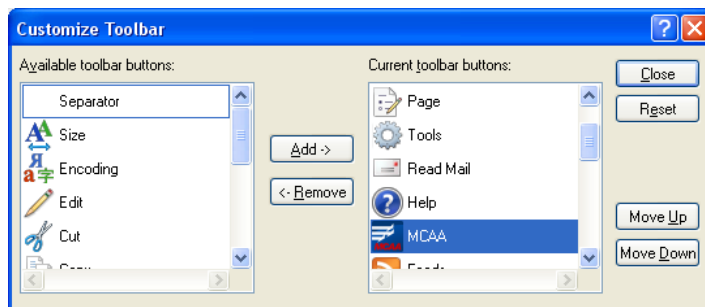

*Note: To see the MCAA Icon for the first time, you may need to open up a new browser window.*

**You can move the MCAA Icon to a visible location on the IE 7 or 8 toolbar as shown below.**

To do this, right click your mouse to the left of the Home icon  and select Customize Command Bar then Add or Remove Commands.

You will then see a window appear like below.

Click on the MCAA Icon and click the “Move Up” button until your MCAA Icon is visible and located where you want.

## Desktop and Quick Launch

The MCAA Icon also appears on your Desktop, and the Quick Launch Taskbar. The Quick Launch Taskbar is located to the right of the “Start” button. If the Quick Launch Icon is not visible as shown click the pull down >> to the right.
